# The work of Rotary

Rotary is a worldwide, not-for-profit organisation founded in 1905 with the broad aim of supporting the communities at large in their 'hour of need'. There are Rotary Clubs in the Americas, Europe, Australia and Oceania, Asia and Africa and with well over one million Rotarians worldwide who put "service above self".

Typical examples of Rotary projects include the virtual eradication of Polio in all but a few countries and anti-malaria projects in the Solomons .

At the local level Rotarians rallied to help ShelterBox efforts in the Whittlesea and Kinglake area, with deployments coordinated by the Australian Defence Force, Victoria Police and the State government.

Children of Papua New Guinea are a major concern of Carlton Rotary.
