WORKSHOP ON PEACE & CONFLICT RESOLUTION

- Targeted future of Afghanistan & their women
- Attended by 1,515 people including students and political leaders
- Three resolutions: more workshops throughout the country, formation of the Afghan Educational & Research Association, alternate solutions focussed on education, anti-corruption programs and job creation.
- It was resolved that political leaders and the community will together speak up for the support of the national security forces

- A donation of \$10,000 plus transmission costs from a member of the Australian Communities Foundation inspired by [REDACTED] presentation to our club.
- Over 5 years, we were able to work together and to send [REDACTED] \$34,460.50 for his work in Afghanistan
- Now, with the arrival of [REDACTED] at short notice back into Australia after the Taliban took over control eighteen months ago, we saw the chance to work together again.
- [REDACTED] had set up “[REDACTED]” as a registered company in Afghanistan which was aimed to facilitate what we will do to “Restore the Dream” of so many girls and women. But with new government limitations, the registration has lapsed. [REDACTED] is planning to collaborate with [REDACTED] and establish an NGO in Melbourne.
- [REDACTED] and [REDACTED] are now helping to hire teachers and buy laptop computers
- The study outlines will be prepared and put on a dedicated website and Afghan students can interact with bilingual staff in Melbourne who will give feedback
